ON THE BRINK OF PANIC

Stock Exchange Turned Into a Ch. ael House For Brokers.

FOUR FIRMS FORCED TO THE WALL.

Northern Pacific Soared to a Fabulous Figure While Other Stocks Went Down a Loboggan—Enormous Price Paid For Money.

New York, May 9.—The great excitement and heavy decline in principally all securities except Northern Pacific, which began on the stock exchange Wednesday afternoon, continued Thursday. From the moment the exchange opened trading was furiously active, and for the first half hour at least apparently without support, although Northern Pacific rose higher on the bidding of the frightened shorts. This stock rose rapidly from 170 to 190 and then almost without a pause the advance kept on until at 10:35 o'clock 300 was paid for 500 shares for immediate delivery. At the same time 100 shares for Friday's delivery were sold for 230. The trading in Northern Pacific became so wild and excited toward 11 o'clock that prices changed rapidly 25 to 50 points at a time. A sale at 430 was recorded, and almost immediately another one came out on the tape at 700 for Friday's delivery.

As fast as Northern Pacific went up other stocks were going down. Even Standard Oil declined to \$650 a share a drop of 171 points. At 11:15 Northern Pacific sold at \$1,000 a share for cash. At 12:25 Northern Pacific common sold at 700 for cash. At this time the market seemed to have a better tone than at any period during the day, and the price changes between sales were not so wide as they had been during the wild furies of the earlier part of the session.

Northern Pacific almost disappeared from the record after the announcement that its delivery would not be demanded Thursday, which was the effective cause of allaying the extreme nervousness. There was a transaction of 100 shares at 500 at 1 p. m.

One feature of this situation was the closing up for the day of a number of small brokerage concerns, not because of financial embarrassment, but because they deemed it unwise to do business at all in such a market. At 1:30 p. m. prices seemed to be fairly steady and there was some activity in bonds, with apparently good absorption of the standard issues. A clearing house notice was sent out at 1:30 saying transactions in Northern Pacific common would be ex-clearing house until further notice, which meant that sellers of the stock would not be called upon to deliver it at present.

At 1:42 60 per cent was bid for money. It was reported on the street that a number of bank presidents went in to conference with the object of making arrangements to lend \$16,000,000 on the stock exchange at low rates. J. P. Morgan & Co. were large lenders at 6 per cent.

Notwithstanding Kuhn, Loeb & Co. claim the control of Northern Pacific, it was said at the office of J. P. Morgan & Co. that the firm has contracts for delivery of stock sufficient to give them a majority.

Brokers Fail.

The assignment of Charles R. Sickels, stock broker, was announced at noon. Mr. Sickels is the sole member of the firm. According to a rough estimate made by the assignee the liabilities will be \$80,000, while the assets will be fully as much if not more. The failure is attributed to the slump in the stock market and to the failure of customers to make good margins on certain stocks. Mr. Sickels was holding for them. He was a member of the Consolidated exchange and when the settling hour came at the exchange he found himself unable to make payments.

At 1 o'clock the failures of W. H. Brower of 60 Broadway and J. T. Lee of 62 Broadway were announced on the Consolidated exchange. Rumors were circulated affecting the credit of several stock exchange houses, but were soon officially denied. The failure of A. F. Fields, also a member of the Consolidated exchange, was later announced. The amount of the failure was not made public.

Soon after 1 o'clock A. A. Houseman & Co. loaned \$1,000,000 at 6 per cent, and it was said that other strong firms were lending their available funds in the efforts to check the decline in prices. The banks, on the other hand, became more conservative, and decided to loan only to their regular customers. Some borrowers were forced to pay from 10 to 40 per cent for money. A more hopeful feeling was strengthened by semi-official statement that the leaders in the financial world had insisted that the Harriman-Morgan-Hill people had come to some basis of agreement in order to relieve the situation. For the

first time in the history of the stock exchange all the galleries and enclosures reserved for spectators were ordered cleared at 2 o'clock. The evident desire of the banking interests to lend support caused a continuance of the rally, and after 2:15 prices held fairly steady.

Hammered in London.

London, May 9.—Not in the memory of the oldest stock broker in London has there been such a panic as prevailed Thursday afternoon in Americans. After the closing of the stock exchange hundreds of dealers endeavored to struggle into the narrow confines of Shorters Court, where outside dealings are done, in efforts to raise or reduce, as the case might be, Americans to New York parity. Suddenly there developed a terrific slump in Union Pacific, which was knocked down 20 points in as many seconds. St. Paul suffered almost as badly. Large and small brokers rushed to the scene until Throgmorton street became impassable. The rain poured down, but the excited crowd paid no heed to it. Reports of conditions and prices were shouted at the top of the voices of the operators. Down, down went Americans. The leading houses sent urgent orders to buy or sell, but found it almost impossible to have their orders executed. Rails of every description were quoted at rock bottom prices, and steel and other securities fell in sympathy. Then without rhyme or reason a reaction set in and Americans went up and down. After about half an hour of this panicky speculation a more reasonable feeling prevailed, and stocks rose to within a few points of their price when the stock exchange closed. But long after the usual hours hundreds of the stock brokers, most of them drenched to the skin, traded in the hope of getting clear before Friday's opening. The market here was only a reflex of New York. Without accurate knowledge of the conditions there it is impossible to say what will happen here.

Will Not Affect the Q Merger.

Boston, May 9.—Chicago, Burlington and Quincy people here state that no matter who is in control of Northern Pacific it would make no difference with the proposed merger of the Burlington with the Northern Pacific and the Great Northern.

KING TOLL'S VOTARIES.

Affairs Affecting Laborers in Their Battle With the World.

Cleveland, May 9.—Representatives of more than 2500 machinists employed in this city, who are members of the International Machinists association presented printed circulars to the manufacturers demanding more pay and shorter hours. The machinists ask for 9 hour working day and 12½ per cent increase in wages. This is equivalent to 10 hours' pay for a nine hour day under the present scale. Ten days will be given the manufacturers in which to answer or arrange for some conference. If no attention is paid to the demand it is said the machinists will strike on May 20.

New Tin Plate Scale.

Cleveland, May 9.—When the annual convention of the Tin Plate Workers International Protective association of America, in session here, adjourns a new wage scale will be presented to the manufacturers. Whether an advance in wages will be asked cannot be learned, as the utmost secrecy is observed to prevent any action taken by the delegates from becoming public.

Strike Spreading.

Reading, Pa., May 9.—The strike among the employees of the Reading Iron company's tube mills spread with such rapidity that the entire plant was closed at midnight when the men at No. 5, Bell mill, went out in sympathy with those who originally struck because their wages were not restored to what they were previous to the reduction last fall. About 1,600 men out.

Promoting Hunger.

San Francisco, May 9.—The strike of cooks and waiters employed in restaurants refusing to grant the demands of the labor unions has been followed by a sympathetic strike of the bakers. In retaliation the master bakers threaten to close every bakery in the city. It is estimated that about 1900 men are out.

An International Affair.

Kansas City, Mo., May 9.—Jerome Fedoli, Italian consul in Kansas City, is quoted as saying that the labor trouble in Iola, Kan., which resulted in several Italians being driven from that town after having been assaulted by American workmen, will be made an international affair.

Labor Troubles in Spain.

Hendaye, France, May 9.—Advices from Barcelona, Spain, show that more persons were killed and many wounded in riots there Wednesday. The situation is still grave. The garrison numbers 6,000 men. Advices from Bilbao say there is great agitation in the mining region.

FEDERAL PARLIAMENT

Duke George Starts the Legislative Machinery of Australasia.

GREAT DAY AT KANGAROO CAPITAL.

King Edward Sends a Greeting to the Constellation of British Colonies in Oceania—Address of The Heir Apparent.

Melbourne, May 9.—The opening of the first federal parliament, which took place at noon, was a most impressive ceremony. The capacity of the exhibition building, the scene of the ceremony, is 12,000 people, but the available space was taxed to the utmost. The decorations consisted of regimental standards, trophies of arms and floral festoons. The formal proceedings were begun at 11:45 a. m. with the reading of the proclamation summoning the senators and representatives. Noon was signalled by a fanfare of trumpets from the military band outside. The royal party then entered and was conducted to the dais, the orchestra playing the national anthem. The duke of Cornwall and York wore an admiral's uniform with the ribbon of the Order of the Garter. The duchess of Cornwall and York and Lady Hopetoun, wife of the governor general, earl of Hopetoun, and the women of the suites all wore black.

The duke summoned the two houses in accordance with the strict formula of the British parliament, and the members filed in. The hundredth psalm was sung with all present standing and the earl of Hopetoun read a prayer, after which the duke of Cornwall and York made a lengthy address and declared parliament open. In the course of his remarks he referred to the wishes of the late Queen Victoria, who, before her death, signed his commission to open parliament. He paid a tribute to the aid rendered by the colonies in the South African war, the bravery of the troops and the services of the squadron in China, and expressed the interest taken by King Edward VII in the Australian people. It was the earnest prayer that the union, so happily achieved, would prove an instrument for the further advancing of the welfare of the Australian subjects of the king and the consolidation of the empire.

The duke read the following telegram from King Edward VII: "My thoughts are with you on this august occasion. I wish the commonwealth of Australia every happiness and prosperity." The king's message was received with hearty plaudits.

The members then took the oath and subscribed their names to the roll. At the conclusion of this ceremony the earl of Hopetoun dismissed the members to their respective houses to elect officers.

The entire audience thereupon rose as the first bars of the "Hallelujah Chorus" were played by the orchestra and the chorus was sung by an opera company. "Rule Britannia" followed and finally the whole assembly joined in singing "God Save the King." A fresh blare of trumpets followed the royal party retired and the opening ceremony was over.

Don't Agree With Garrett.

London, May 9.—At Thursday's session of the Iron and Steel institute the discussion of the paper read by William Garrett of Cleveland was resumed. A majority of the British engineers maintained that combination was all very well in America, but that it would not meet the requirements of the multitudinous customers throughout the world who send British firms small parcel orders. They also claimed that Great Britain could hold her own. Mr. Garrett replied to his critics at length declaring Great Britain could only obtain the markets of the world by delivering products cheaper than her competitors in the same lines.

No Open Door Overture.

London, May 9.—In the house of commons the under foreign secretary, Lord Cranborne, confirming the report to the effect that China has not approached the powers in regard to a general opening of Manchuria, said the British government had not received any communication from the Chinese or American governments respecting the opening of China to the trade of the world.

King Has No Fortune.

London, May 9.—The king, said the chancellor of the exchequer, Sir Michael Hicks-Beach, in discussing the civil list in the house of commons, has no personal fortune, a fact which could not be too widely known. He was therefore dependent upon the revenue of the duchy of Lancaster and parliamentary grants.

Berlin, May 9.—The reconstructed Prussian ministry held its first sitting. Count Von Buelow greeting the new ministers with a formal speech.

SALISBURY'S SICKNESS.

Said to Be in a Serious Condition. Premiership Probabilities.

London, May 9.—Alarming reports about Lord Salisbury's condition are prevalent. A. J. Balfour, the government leader of the house of commons and a nephew of Salisbury, had a private audience with the king, which is understood to have been caused by the prime minister's failing health.

There has been complete silence on the subject for three weeks, the only indication that he was recovering being afforded by the postponing of his return from Beaulieu. He was to have been in London by this time, but he has not yet left his Riviera residence. The attack of influenza before Easter left him extremely enfeebled and the news from Beaulieu received in London shows that his debility is obstinately resisting all treatment and has now reached a grave point.

The possibility of Lord Salisbury's retirement has been freely canvassed in political circles. His death would not dissolve the ministry, but would lead to its reconstruction. It is believed King Edward would first ask the duke of Devonshire to take the premiership, and if he would refuse would then ask Mr. Balfour to accept it. Mr. Chamberlain is now regarded as quite "out of the running."

CONGER IN WASHINGTON.

Posting Up on the Course of Events Since He Left China.

Washington, May 9.—United States Minister Conger has arrived in Washington and is stopping with a relative here. He called at the state department and paid his respects to Acting Secretary Hill and Assistant Secretary Cridler.

It is his preference to spend only a few days in Washington looking over the dispatches that have passed between Washington and Peking since he left the Chinese capital. He will then be in a position to advise officials here as to any details they may have overlooked in dealing with the situation in the Orient.

Municipal League Officers.

Rochester, N. Y., May 9.—The National Municipal league unanimously elected the following officers for the ensuing year: President, James C. Carter, New York; first vice president, Charles Richardson, Philadelphia; second vice president, Samuel B. Capen, Boston; third vice president, Thomas N. Strong, Portland, Ore.; fourth vice president, H. Dickson Burns, New Orleans; fifth vice president, Edmund J. James, Chicago; secretary, Clinton Rogers Woodruff, Philadelphia; treasurer, George Burnham, Jr., Philadelphia; executive committee, George W. Ochs, Chattanooga; Frank N. Hartwell, Louisville; E. M. Thresher, Dayton, O.

Forming a Trust.

Chicago, May 9.—W. H. Brinton, president of the Peru plow and wheel works of Peru, Ills., said: "The plow combine is likely to be merged into a great trust of all the implement makers of the United States. Ninety per cent of them are now represented in a conference at New York. The capital of the new trust will be as much as \$50,000,000, and may amount to \$75,000,000. Charles H. Deere of the Mobile plow works will in all probability be made president of the trust."

Had His Life Insured.

Cleveland, May 9.—R. N. Pollock, the president of the Cuyahoga Savings and Banking company of this city, who committed suicide at Seattle, carried life insurance to the amount of \$65,000 in favor of his family. The policies are in four companies and in each is either without the suicide clause or contains such a clause to be void after two years from issuance of the papers. Experts at work on the books of the bank will probably have a statement ready by Saturday.

Toot! Toot! Trust.

Pittsburg, May 9.—It is now regarded as definitely agreed upon that the American Locomotive company will be organized with a capital of \$50,000,000 and the Pittsburg locomotive works will be a member of the combine, which will control two-thirds of the capacity of the entire country. Wilson Miller, president of the Pittsburg locomotive works, says the locomotive combination is an assured fact.

Wheeling Reorganization.

New York, May 9.—The directors of the Wheeling and Lake Erie railroad met at the office of the Wabash and elected the following officers: President, James Ramsey, Jr.; vice president, Alvin W. Krech; chairman of the board, Myron T. Herrick, and treasurer, H. B. Henson. No secretary was elected at the meeting.

Gathering Them In.

Sioux City, Ia., May 9.—The plant of the Sioux City Packing and Provision company, lately the International Packing company, has virtually been transferred to Armour & Company, and the Chicago firm will begin its operation almost immediately.

WITH A LAVISH HAND

Los Angeles Entertained the Tourists From the Buckeye State.

FLORAL PAGEANT IN THEIR HONOR.

President Addressed the Veterans at Santa Monica—Governor Nash Receives Calls From Former Citizens of Ohio—On Mount Low.

Los Angeles, Cal., May 9.—After breakfast at the home of General Otis President McKinley and members of his party were escorted in a drive through the parks and resident section of the city. Shortly after 11 o'clock the presidential party took position at the head of the floral parade and the pageant began to move.

The parade was one of the most beautiful ever held in Southern California. The streets along the line of march were thronged, and everywhere the president and his party were given the most enthusiastic greetings. Later in the day the president visited the soldiers' home at Santa Monica. The president delivered a short address, which was frequently applauded by an appreciative audience.

The approach to the city of Los Angeles was heralded by cannon and whistles. The noisy welcome could be heard for miles. As the train passed through the Chinese quarter of the city, long strings of firecrackers hung from awnings exploded like the continuous rattle of musketry. The city had been beautifully decorated. The streets were avenues of masts festooned with yellow bunting and bedecked with palm leaves and laurel.

At the station the party was met by the citizens' committee, and many distinguished people from all over California. General Shafter, commander of the Department of the Pacific, with his entire staff in full uniform, had come down from the Presidio. Secretary of the Navy Long, who was to have met the party at San Francisco, also came here to meet the president, and was at the station. The party were driven in carriages to the Vanuys hotel. An escort of artillery and several companies of militia had been provided to escort them, but the military and police had to fight their way through the enormous crowds which had swarmed into the city, drawn by the double attraction of the president's visit and the carnival now going on. At the hotel the president met Governor Nash of Ohio and the Ohio congressional delegation, who arrived an hour before. In the rotunda of the hotel the mayor of Los Angeles formally greeted the president and extended the freedom of the city.

After a speech by the president a short public reception was held in the parlors of the hotel. Meantime Mrs. McKinley and the women of the party had been driven to the Woman's club, to meet the women of Los Angeles.

Governor Nash held a reception at the chamber of commerce.

Some of the members of the president's party ascended Mount Low, 6,000 feet high, whence they had a birdseye view of 70 miles of southern California and the Pacific ocean, 20 miles out to sea. The members of the cabinet and other members of the party witnessed the brilliant illumination of the city streets.

Friday the Buckeye tourists will be entertained by Santa Barbara.

Educating the Indians.

Washington, May 8.—A report on the enrollment and average attendance at the regular Indian schools for the quarter ended April 1, compared with the corresponding quarter last year, shows the largest annual increase in attendance recorded in 10 or 15 years. The average attendance at the non-reservation schools increased 819; at reservation boarding schools, 1,338; at day schools, decreased, 342. The net increase from all schools was 1,865. The total number of pupils enrolled in all Indian schools was 25,860.

Raid of Chinese Brigands.

Paris, May 9.—An official dispatch from Peking announces that a band of Chinese brigands from the province of Kwang Si recently attacked the French post at Idng fan and drove out the garrison, killing five and wounding seven men. A few days later the brigands attacked the French post at Soogiang, but were driven off, leaving 33 killed. The band finally, May 2, was driven back into Kwang Si with heavy loss. Ten Frenchmen were wounded during the fighting.

Washington, May 9.—No United States official mail was included in the lot of foreign mail which is reported to have been tampered with while passing through Turkey, thus forming the subject of a protest from the diplomatic body at Constantinople. The official mail for the United States minister, Mr. Leishman, and his mail for the state department never pass through Tukestan in transit.

Yerkes will be a candidate for the Republican nomination for United States Senator, in opposition to Senator Deboe. Ex-Governor Bradley says he is out of the fight, and between Yerkes and Deboe, Republicans oughtn't be very long in making a choice. **WALL STREET GAMBLING.** The Cincinnati Times-Star published a statement Wednesday showing the alleged increase in the price of certain railroad stocks compared with the same stocks in 1897, taking the Wall street quotations. Commenting on this the Lexington Herald says: It is true that some of the companies are now earning larger incomes than are needed to pay their fixed charges—but some of them are not dividend-paying companies. This enormous advance is not justified by the increase in earnings—and certainly not by increase in the intrinsic value of the several properties. Another contemporary estimates the winnings secured by the successful speculators in stocks during the past year as over two hundred millions; some of these speculators are reported to have made many millions—as, for instance, James R. Keene is said to "have cleaned up" twenty millions. Not a dollar of this money has been made—it has been gained. There is a vast and radical difference between money-making and money-getting. It has not added \$1 to the wealth of the United States; it has not added one whit to the productive capacity of the country; it has not increased the industrial facilities of our people; it has not enlarged the comfort or wages of our laborers. It is simply taking so much from those who made it and transferring it to those who won it at gambling. It has drained the rural sections and the smaller cities and towns of that much and concentrated it at the money centers. The gamblers have won from the outside betters; those who sat behind the table have raked in that much from those who sat before the gambling table. That the value of many of the alleged stocks quoted by the Times-Star are purely fictitious, no sane man will doubt. The idea of stock in railways that are unable to pay dividends selling at or above par borders on the absurd or preposterous. There is going to be a drop, sooner or later, and the poor dupes of the gamblers will suffer when it does come. As the Portsmouth Times remarks: A break will come and when it does come the wind will go out of these "industrials" a great deal faster than it was blown into them. **STATE FUNDS.** Condition of Kentucky's Treasury at the Close of April—Balance \$307,000. FAKIR'S JAILED. A Couple of Smooth Ones Landed by Chief of Police Donovan on a Serious Charge. S. V. D'Unger, of Chicago, St. Louis, Lexington and—other points, and W. W. Baxter, who claims only Lexington as his home, were jailed last night by Chief of Police Donovan, on a charge of feloniously obtaining money under false pretenses. The accused are a couple of smooth ones who have lately been industriously working and advertising fake in this State, and they left a number of victims at the various points where they have manipulated their scheme. Chief Donovan has a letter from Father Major of Frankfort, showing they visited that city before striking Maysville, and they went from here to Ashland, thence to Augusta. At this place their scheme was to get up an advertising card ornamented with a large cut of the proposed new St. Patrick's Church as a center piece, around which were to be arranged the advertisements of business firms. The Rev. Father Jones refused to endorse their scheme, or countenance it in the least, but that didn't prevent them from catching a couple of Maysville firms for \$5 each, Mr. R. A. Carr of the Magnolia Mills, and O. H. P. Thomas & Co., the wholesale liquor dealers, being the ones whose good money was carried away by D'Unger and Baxter, advertising specialists. Such advertising is always the most expensive that a merchant could indulge in, and yet many of them imagine they have a "bargain-day" snap when they pay \$5 to have their "ad" on a card that may be hung up in probably half a dozen places, and may not be displayed at all. For that sum they could have their advertisement printed in 1,200 or 1,500 papers that are distributed all over the county. D'Unger and Baxter shook Maysville about ten days ago, and Chief Donovan has been trying to locate them ever since. He wrote to Augusta, Bellevue, Dayton, Newport and other points up and down the river, asking the pastors of Catholic Churches to be on the lookout for the two. Yesterday he was notified by telephone that his men were in Augusta. He went down on the first train and soon had his men in custody, returning last night on the accommodation. Judge Newell committed the accused to jail to await a hearing. D'Unger and Baxter struck Augusta Thursday morning and tried to get the pastor of the Catholic Church to endorse their scheme. He had Chief Donovan's letter, however, and instead of endorsing them notified the police, who in turn wired Mr. Donovan with the result as above. Before they were arrested, however, they had raked in \$25 or \$30 of Augusta merchants' good money. D'Unger first claimed Chicago as his home, then said he was from St. Louis, next from Lexington. Baxter says his home is in Lexington. They will be given a hearing at 1:30 this afternoon. The First National Bank's statement elsewhere in to-day's issue makes a splendid showing as usual, having deposits of \$317,048, and over \$18,000 undivided profits. Mr. William Johnson will sail to-morrow from San Francisco for St. Paul Island, Alaska, where he goes to resume his position with the North American Commercial Company. The funeral of David Adams, colored, will be preached at Sedden's Chapel, M. E. Church, in East End this afternoon at 2 o'clock by Rev. Sam Coleman. Burial in Maysville Cemetery. He died Wednesday, aged sixty-three. Mrs. Joseph McNutt, of Moransburg, died last evening after a lingering illness of consumption. She was a daughter of Andrew Brittain. The funeral will take place Saturday afternoon at 2 o'clock, Elder W. W. Hall officiating. She is survived by her husband and one daughter. A Miss Murphy, of Ashland, who passed down with the school excursion from that city this morning dropped her purse containing \$11.75 while the train was at the depot. Ed. Parker, white, and Walter Graham, colored, found it shortly afterwards, pocketed the money and threw the purse into the river. The police have the two in custody and expect to recover the cash. Fought for His Life. "My father and sister both died of consumption," writes J. T. Weatherwax, of Wyandotte, Mich., "and I was saved from the same frightful fate only by Dr. King's New Discovery. An attack of pneumonia left an obstinate cough and very severe lung trouble, which an excellent doctor could not help, but a few months' use of this wonderful medicine made me as well as ever and I gained much in weight." Infalible for coughs, colds and all throat and lung trouble. Guaranteed bottles 50c. and \$1 at J. Jas. Wood & Son's drug store.

Fight Over the Estate of Late Henry Ward.
(Flemingsburg Times-Democrat.)

The will of Henry Ward, who recently died in Mason County after removing from the Col. Dudley farm which he had bought of Watson Andrews, was offered for probate in Mason County Court Monday. We understand it was made a few days before his death and bequeaths all his property to his wife, who was named as executrix without bond. His children by his first marriage by their attorneys objected to the probating of the will and the matter was continued to June term of court. It will probably result in a fight to a finish in the courts, winding up with the lawyers as principal heirs.

LION COFFEE

A LUXURY WITHIN THE REACH OF ALL!

MAKE no mistake! See that my head is on every package of

LION COFFEE

you buy. It guarantees its purity. No coffee is

LION COFFEE

unless it is in a 1 pound sealed packet with the head of a lion on the front. Then you get pure coffee—the highest grade for the money.

Watch our next advertisement.

Why has

LION COFFEE

now become the leader of all package coffees? And why is it used in millions of homes?

Because it does not sail under false colors. It is an absolutely clean, pure coffee. No glazing, no coating with egg mixtures or chemicals in order to hide imperfections.

Just try a package of

LION COFFEE

and you will understand the reason of its popularity.

In every package of LION COFFEE you will find a fully illustrated and descriptive list. No housekeeper, in fact, no woman, man, boy or girl will fail to find in the list some article which will contribute to their happiness, comfort and convenience, and which they may have by simply cutting out a certain number of Lion Heads from the wrappers of our one pound sealed packages (which is the only form in which this excellent coffee is sold).
